---

## Profile

A passionate and innovative web developer with 3+ years of professional experience. Strong expertise in Laravel, Node.js (Express), React, and a history of delivering robust eCommerce, CMS, and API projects. Adept at both leading and collaborating in cross-functional teams. Lifelong learner with a keen interest in data science and modern web tech.

Recently secured a verbally confirmed 8% equity acquisition in Zevar.com in recognition of technical and strategic contributions.

---

## Employment History

### Laravel & Full Stack Developer

eZevar Pvt. Ltd. / Zevar Jewellery, Bilaspur

★ Jun 2018 – Nov 2019, Mar 2020

★ Second Term Dec 2021, Jul 2024 – Present

- Progressed from PHP Developer to Senior Full Stack Developer.
- Led Shopify and WordPress app creation, theme customisations, & custom integrations.
- Built and optimised company CRMs, eCommerce features, and payment gateway systems.
- Currently rejoined; now spearheading modernisations with Laravel, Node/Express, and React.
- Received a verbally confirmed **8% equity in Zevar.com** as a recognition of ongoing value and leadership.

### Key Achievements:

- Created scalable web backends and feature-rich admin dashboards.
  - Orchestrated **full-stack** delivery for multi-channel ecommerce operations.
  - Improved system performance and security across multiple product lines.
-

## Laravel Developer

Tractorgyan (Rapsa Technologies Pvt. Ltd.), Gwalior

*Aug 2023 – Jun 2024*

- Maintained and enhanced a large-scale CMS for tractorgyan.com.
  - Introduced industry-standard Git version control, automated testing, and CI/CD deployment
    - Transformed project delivery from a messy, error-prone manual process to robust, streamlined workflows with GitHub pipelines and quality controls.
    - Automated testing reduced bugs and improved uptime.
  - Developed microservices and new modules (Laravel, Bootstrap & JavaScript).
  - Collaborated with frontend, design, and DevOps for optimised platform delivery.
- 

## PHP Laravel Developer

Softwebian Technologies, Bilaspur

*Jan 2022 – Jun 2022*

- Lead developer for the company's new CRM and Matrimony systems.
  - Implemented best practices for code quality, performance, and scalability.
- 

## Freelance Web Developer

*2018 – Present (Project-based/Overlapping)*

- Delivered the Aquadiscovery Shopify site & CRM integration (AIAquatic Pvt. Ltd.).
  - Developed complete order management systems & location-based ecommerce features.
-
